AUG 8 1952

The Honorable  
The Secretary of the Navy  
Department of the Navy  
Washington 25, D. C.

Dear Mr. Secretary:

25X1

Some time ago [redacted] of this organization in company with Rear Admiral Calvin M. Bolster, USN requested your assistance in making available a small naval vessel off the Eastern shore of the United States for the purpose of conducting certain experiments. You were kind enough to make the vessel and an appropriate crew available.

The experimentation has now been concluded. I have been advised that the experiments were highly successful and that new developments of some considerable significance may result.

This is to express my appreciation and that of the Psychological Strategy Board for your kind assistance and for the excellent cooperation of the Navy.

Sincerely,

**SIGNED**
